### The Best Things to See and Do in Gdynia

#### [Follow the architecture - Gdynia Modernism route](#)

The name “modernism” itself implies modernity. So it is no surprise that Gdynia, being the city established and designed in the inter-war period, has many Modernist objects, which give the place a special style. The main assumption of Modernism in architecture is the functionality of the erected objects and the reflection of functionality both in the interior design and the exterior looks of buildings. The modern city and its modern white houses facing the sea almost like ships, are typical signs of the “sea town” style, depicting the dreams of a harbor, fleet and sailors which came true, and is worth a closer look.

#### [Enjoy the view from Kamienna Góra](#)

Gdynia's iconic sight is the impressive Kamienna Góra. This translates as “stone mountain” and is situated on a hill in the heart of the city. To get to the top, you can walk up the steps or get the train. At the top of Kamienna Góra, there is a leafy park with flowers and trees, a large cross sculpture, a restaurant and the best views of the city. It's a perfect place to watch the sunrise or the sunset.

#### [Stroll along Gdynia's seafront promenade](#)

Gdynia's seafront is one of the prettiest in Poland. In summer, the resort attracts huge crowds to the peaceful and pleasant promenade. You can start your walk from the foot of Kamienna Góra, past the fountains and along the seafront to the iconic maritime monument.

#### [Relax on Gdynia's city beach](#)

There are not many Polish cities that can boast a beach right in the city centre, which is why you should take advantage of Gdynia's tightly designed street layout, meaning most hotels are less than a 10-minute walk from the beach.

#### [Learn about Polish history in Emigration Museum](#)

The mission of the Emigration Museum in Poland is to recount the fates of millions of both anonymous and famous people - whose names emerge in the context of great achievements in science, sports, business, and the arts. It is the ambition of this institution to make them known to Poles at home, but it is also to encourage our compatriots living at home and abroad to get to know each other. Through educational and cultural projects, the museum hopes to become a place of encounter and discussion. We feel we fulfill a particular duty in achieving this end at the best possible address - Polska Street No.

#### [Visit Gdynia Aquarium](#)

As Poland's gateway to Sweden and major seaport, it will come as no surprise that Gdynia Aquarium is one of the best aquariums on the entire Baltic Coast. It's a feast for your eyes with all sorts of sea creatures you could only usually spot when you go deep-sea diving.
